

# Terms and conditions of the BBVA POS terminal and POS terminal plan promotion

BBVA POS terminal plan promotion: first 12 months at no cost for new customers who are individuals and legal entities and customers without a POS terminal from BBVA in the past twelve months, with an annual turnover of less than €5 million and who sign up for a POS terminal before 12/31/2026.

After the first 12 months, in the 2nd year, 50% of the corresponding monthly POS terminal plan fee will be discounted each month, and in the 3rd year, 25% of the corresponding monthly POS terminal plan fee will be discounted each month.

\* The BBVA POS terminal plan is an annual fee that is calculated based on the monthly turnover of the establishment's POS terminal. Depending on the amount taken each month, a monthly fee will be applied and charged at the end of the month, following the limits established for each turnover bracket. The Establishment will pay the Bank a monthly fee, which will be calculated taking into account the transactions carried out by the Establishment and settled during the previous month with Bizum and with Visa and Mastercard cards (except B2B). The fee also includes the first terminal's maintenance fee. For the second and subsequent terminals, the cost will be €3.50 + VAT. The plan lasts for one year and is automatically renewed at the end of that period. There is a free trial period, which runs from the first contract date until the last day of the same month. For transactions with B2B cards and with any card or payment method other than Visa, Mastercard, and Bizum, the corresponding % discount or fixed cost is applied. The Virtual POS terminal has a setup fee of €100.
