# Did you know...?

• If you have shares or ETPs (ETF, ETN, ETC) deposited at another institution and want to transfer them to BBVA, you simply need to deliver the latest statement of the securities you wish to transfer, signed by each of the contract holders, to any of our branches. You can also request the transfer through our digital channels when dealing with IBEX 35 securities. There may be a transfer fee for the securities charged by the bank from which the shares are transferred (which we can reimburse in this promotion up to the previously mentioned amount). We will take care of the rest of the paperwork.

• The tax classification of the reimbursement for transfer expenses is a capital gain, therefore, this amount is not subject to withholding tax. However, it is subject to taxation and the customer must include it in their tax return.

• Remember that, according to current tax regulations, the sale of shares and/or ETPs, as well as the dividends received, are subject to Personal Income Tax (IRPF).

At BBVA, we ensure clarity and transparency in the information we offer you. All our managers will provide you with clear and easy-to-understand explanations about the characteristics of a product.
