The insured amount is specified in the General Terms and Conditions of your contract.

### What is insured?

#### Medical expenses.

The insurance company covers the capital described in the General Terms and Conditions for the costs of: medical fees, medicines prescribed by a doctor, hospitalization and ambulance costs when ordered by a doctor, if in the course of a trip abroad you suffer an unexpected accident or a sudden illness (diagnosed by a doctor or dentist and you require medical assistance) that is covered by the insurance contract.

#### Medical transfer of ill or injured parties.

The insurance company guarantees your medical transfer to a better equipped or specialist hospital near your habitual residence in Spain if you suffer an unexpected accident or a sudden illness covered by the insurance contract during your trip, and you are unable to continue your trip. Depending on the seriousness, the transfer will be effected by: special medical plane, first-class train, medical helicopter, ambulance and/or regular airline.

#### Transport of mortal remains.

If you die in the course of a trip covered by the insurance contract, the insurance company will arrange and effect the transport of your mortal remains to your place of burial in Spain, within the municipal limits of your habitual residence, and the costs of embalment, minimum obligatory casket and administrative formalities.

#### Loss, damage and theft of baggage.

If in the course of your trip your checked baggage is lost or suffers serious damage caused by the transporting company, or if your baggage is stolen, the insurance company will compensate you with the limit of the capital described in the General Terms and Conditions.

#### Travel delays.

The insurance company guarantees to reimburse you with the real and unavoidable expenses in the place of a delay, on public transport subject to established schedules, of over four hours at the start of the trip.
